

Lash Pro Value Package

Includes Sunflower II LED Dust Collector with Wheeled Stand and Wall Mount Air Purifier

- Our most cost efficient package for Lash Artists!
- The Wall Mount salon air purifier effectively removes vapors, odors, and dust from the room air using HEPA and Activated Carbon filters.
- In addition, the wall mount air purifier captures and deactivates airborne viruses and bacteria using UV light and Flexzorb™ anti-viral material integrated into the filter.
- These two systems work together to target pollutants such as dust, pet dander, pollen, lash glue monomer, cyanoacrylate chemical vapors and other volatile compounds (VOC) in the air.

System Features

- The wall mount unit is fitted with twin fans that pull the toxic air through a Glass Hepa Filter graded to EU Standard EN-1822 which removes 99.999% of pollutants, dust, pet dander, pollen etc. to 0.3 microns and above (below 0.7 microns particles are invisible to the human eye).
- The Wall Mount Unit can stand on a desk or easily mounts to the wall to save precious floor space.
- The Wall Mount Unit comes with a remote control, and has a sleep function, 1 hour timer and 3 hr. timer and a filter replacement warning.
- The Wall Mount unit also includes UVC light that kills bacteria AND Virus safely in your room and an Ion Generator which produces "Air Vitamins" to improve your health.
- The Sunflower comes with a clamp and two filters.
- The Sunflower is equipped with a powerful LED light.
- The Sunflower II LED Dust Collector is a high-powered, yet quiet entry-level source capture system. This compact, portable unit also extracts light vapors/fumes emitted from chemical vapors to protect the breathing zone of Lash Artists and their clients.
- Wheeled Stand allows for easy maneuverability from station to station.

Specifications

Airflow Volume: WM: 60 cubic feet per minute
SF: 135 CFM airflow

Sound Level: WM: 53dB
SF: 45 dB

Voltage/Power: WM: 110~240V/50~60Hz
SF: Input DC 12V, 1.25A Max, CE listed 135 CFM

Dimensions: WM: 30cm x 30cm x 12cm.
SF: Head: 9.25", Head top diameter: 131mm (5.16")
