

## Salon Suite Pro Package

## Includes both the Whisper Source Capture System and Wall Mount Salon Air Purifier

- Designed for Salon Professionals short on space.
- The Wall Mount salon air purifier effectively removes vapors, odors, and dust from the room air using HEPA and Activated Carbon filters.
- In addition, the wall mount air purifier captures and deactivates airborne viruses and bacteria using UV light and Flexzorb™ anti-viral material integrated into the filter.
- Whisper™ Salon Source Capture System was designed especially to be an aesthetically pleasing, smaller, quieter, source capture system with increased suction to protect nail techs from inhalation exposure to nail dust, vapors, odors, as well as microscopic particles, allergens, and viruses.
